# The University Coat of Arms

On 15 November 1909, the Faculty recommended to the Senate that the University of Alberta adopt the Provincial Coat of Arms as its emblem, with the addition of an open book superimposed upon the cross and the motto "Lux et Lex" (Light and Law). In January 1911, the present motto, "Quaecumque vera," was substituted for the originally proposed motto. In 1950, the form of the design was changed in keeping with the graphic style of the time, and a new description of the symbol was adopted.

In the 1980s, Dr John Schlosser, Chair of the Board of Governors, became concerned that the University of Alberta was using the provincial Coat of Arms without official heraldic authority. When Sandy Mactaggart became Chancellor in 1990, he started working with the Canadian Heraldic Authority in Ottawa to design a Coat of Arms which would be heraldically correct. He emphasized the importance of retaining the characteristics of the existing Arms of the University that have meant so much to generations of alumni, Faculty, and students.

Canada's Athabaska Herald, Mr Charles Maier, advised the University on the design of its Coat of Arms so it conforms to the traditional requirements of heraldic art. Since the middle ages, Coats of Arms have been regarded as honours conferred under the Sovereign's prerogative powers. In Canada, these powers are now exercised by the Governor General, who appoints heralds to provide the necessary professional expertise.

The new design was finalized in early 1994. It was presented to the University by His Excellency the Right Honourable

Ramon John Hnatyshyn, Governor General of Canada, at Convocation on 13 June 1994.

The full Coat of Arms is displayed at ceremonial occasions, such as Convocation, and is used by the Chancellor, as titular head of the University.

The symbolism of the University's Armorial Bearings (Coat of Arms) is:

**Shield:** a representation of the topography of Alberta rendered in the colours of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

**Crest:** a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and accepted symbol of knowledge.

**Supporters:** the Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University. Both wear collars of the University colours, as does the owl.

**Compartment** (base of the Coat of Arms): a grassy mound with wild roses, the floral emblem of Alberta.

**Motto:** Quaecumque vera – "Whatsoever Things Are True" (Phil 4:8)

# Greetings to the Graduates

---

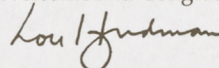

As we go through life, our progress is marked by special moments when we turn corners and new horizons open out before us. This convocation of scholars celebrates the happy observance of such an important turning point in your lives.

The ceremony is steeped in customs that have been passed down to us over the centuries. It is sedate, colourful, traditional, and meaningful. We hope you will enjoy the experience and will participate in the goodwill that permeates a day to be remembered.

By conferring its degrees, the University confirms that you have successfully fulfilled a rigorous course of study and have earned the right to enter into the collegiality of educated women and men. Be proud of what you have done, and be grateful for what the University has done for you.

Understand that the University of Alberta is not just the campus which you know so well. It is everything that our graduates of yesterday, today, and tomorrow accomplish to make our world a better place to live in. Today you join a worldwide community of alumni, a hundred thousand strong, whose support and interest is vital to the enhancement of the quality and the value of the degrees which you receive today. Keep in touch, and never forget the University that nurtured the mind you use every day. You entered to grow in wisdom. You leave the better to serve your community and yourselves.

Welcome and Congratulations.

Louis D Hyndman  
Chancellor

---

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge. The faculty's task is facilitated by their colleagues in the academic staff, the Faculty Service Officers, the Administrative Professional Officers and the Librarians, and the University's dedicated support staff.

The faculty, numbering some 1,600, is responsible for creating programs of study, for teaching, and for evaluating the learning of the student body, both undergraduate and graduate. In addition, faculty members are responsible for

the scholarly reputation of the University by preserving and sharing knowledge and by pursuing new ideas and knowledge through their research.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. Your achievement deserves praise. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. We would remind you of the advice given to graduates by Honorary Degree Recipient Dr Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

Congratulations from the Faculty and Staff!

---

Today you have reached an important milestone in the road of life. Although you may have encountered some detours along the way, your hard work and unwavering commitment has led you to your destination.

Convocation is a time for celebration and reflection. It is time for family and friends to join together and pay tribute to your achievement and success. It is a time to consider what we have learned and gained through the course of our education.

I believe we have gained much. Personally, you have gained new knowledge and training, lifelong friends, broadened horizons and perhaps, some maturity. As a society, we have enriched our lives through the creation and sharing of knowledge, and through a more highly educated workforce.

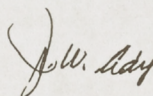

Certainly, university education contributes a great deal to Alberta and Albertans place a high value on it. Albertans, through your government, have made a substantial but

worthwhile investment in your education. I trust you will use it well.

You are fortunate to have been members of one of Canada's largest and greatest universities. The fine reputation held by the University of Alberta will add value to your new credential wherever you may choose to go around the world.

On behalf of Premier Klein and the Government of Alberta, I would like to extend my hearty congratulations to each and every one of you on your achievement. May you have continued success and good luck in all your future endeavours.

Sincerely,

Jack W Ady, Minister of Advanced Education and Career Development

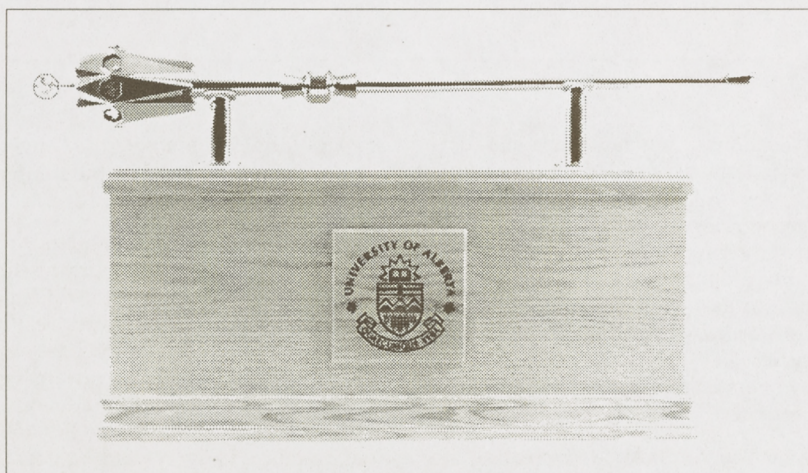

# University Mace and Ceremonial Chairs

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 - 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto "Quaecumque Vera" ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electro-plate process was used to apply 24 carat gold to other parts of the Mace.

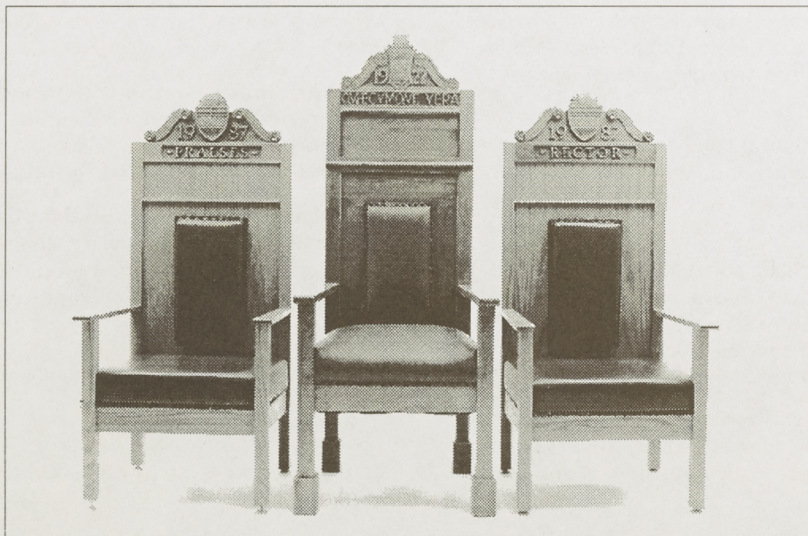

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power – but the power of knowledge and the importance of the University in the community.

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded leather back is carved the University motto "Quaecumque Vera" together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In the eleventh century, a new vitality quickened all aspects of the civilization of Western Europe. The creative forces thus unleashed soon found expression in new institutions, and of these the university bids fair to be the most enduring. The modern university is the lineal descendant of the university of the Middle Ages. Its purposes and organization, even much of its ceremonial, are medieval in origin.

The medieval university was originally called a *studium generale*, that is, a place of learning to which teachers and students from anywhere resorted. The first *studia* were at Salerno, Bologna, and Paris. These came into existence spontaneously and developed through the twelfth century as the needs of the time and their inner necessities dictated. In the thirteenth century these spontaneous associations crystallized into guilds or corporations endowed by Church and State with specific privileges which guaranteed the internal autonomy necessary for the vocation of study. To these corporations was increasingly applied the word *universitas* denoting the entire group of those responsible for the transmission of higher learning and the pursuit of knowledge.

By the beginning of the fourteenth century, two forms of university organization had appeared. At Bologna, which was primarily a higher school of canon and civil law to which came men experienced in ecclesiastical and secular administration, the control of the *studium generale* passed to the students; hence Bologna was a *universitas scholarum*. On the other hand in Paris and Oxford, whose dominant faculty was the Faculty of Arts, the *studium* emerged under the direction of a guild of teachers, a *universitas magistrorum*. Through its own officials, notably the chancellor (once symbol of external control and by now of internal autonomy), the guild of teachers developed its courses of instruction, administered its own affairs and admitted to its company only those who had met its intellectual standards. The University of Alberta stands in the tradition of Paris and Oxford.

Originally the goal of the medieval student was certification by the guild of teachers that he also was qualified to teach (the *licentia docendi*). With the passage of time the student's progress through the curriculum was marked by ceremonies which signified his successful attainment of a certain level (*gradus* or in modern language, degree) of competence. The Bachelor had completed his apprenticeship in the Faculty of Arts.

The Master was now qualified to teach in that Faculty and was thus incorporated into the *universitas magistrorum*. The Doctor was one who, having obtained the mastership, had successfully completed the curriculum of one of the "higher" faculties (in the Middle Ages, law, medicine, and theology) and was now qualified to teach in those faculties. Inevitably the degrees of the *universitas* did more than admit their holders to the teaching profession. They served the wider social purpose of demonstrating their holders' fitness to serve the entire medieval community.

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all faculties, is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods, and caps, once the sober, disciplined dress of secular clergy and teachers, declare in their various designs and colours the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. More, the formula, "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Since they bear in themselves the promise of the future, they are what the University hopes to be. For all its solemnity, convocation is a joyous occasion.

The history of academic dress reaches far back into early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University Coimbra wear gowns. In England, in the second half of the 14th century, the statutes of certain colleges forbade "excess apparel" and prescribed the wearing of a long gown. It is still a controversial question as to whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns may have been counted necessary for warmth in

the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was itself displaced by a headress more or less like one or another of those now recognized as "academic." [The mortar board, the hard, square cap commonly used as academic headress today, evolved from the softer, more flexible "square cap" that was introduced in England in about 1490 and is named for the square board on a handle used by stone masons for holding the mixed mortar to be applied to walls.] Both Cambridge and Oxford have made academic dress a matter of university control to the extent of even its minor details and have repeatedly issued revised regulations. In Laudian days in Oxford it was prescribed that any tailor who departed from authorized design "even by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

Academic dress at the University of Alberta generally follows the prescription of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. The following page provides a detailed description of the academic dress at this institution.

In addition to the apparel worn by holders of degrees conferred by the University of Alberta, a collection of apparel specific to particular offices has also been developed. The President of the University wears a green gown faced with gold braid trim and lining and a green cap with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and black caps with silver tassels. The gowns of the senior officials bear an embroidered crest of the University. University Governors and Senators wear stoles bearing the crest of the University over their gowns: gold for Governors and green for Senators. The University Registrar wears a green gown with gold trim on the sleeves.

Graduates and staff of the University of Alberta who wish to purchase their own academic apparel are invited to contact: Harcourt's Limited, 26-28 Duncan Street, Toronto, ON, M5V 2B9. Order forms may be obtained by contacting the Convocation Officer in the Office of the Registrar.

## Doctorate Degrees

Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor's hoods conform to the Intercollegiate Code in shape, size, and colour. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

## Honorary Doctorates

Honorary Doctors of Laws, Letters, and Science wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

### The Presentation

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

### The Pledge

*The President then addresses the candidates in these words:*

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? # Honorary Degree Recipient

---

**Clare Drake**, the “Dean of hockey coaches in Canada,” has had a distinguished career as a teacher and hockey coach and is considered to be one of the best hockey coaches in North America. His University of Alberta record speaks for itself. He coached six Canadian Intercollegiate Athletic Union national championship teams, 17 Canada West Universities Athletic Association championship teams, 13 Canadian Intercollegiate Athletic Union all-Canadians and two Sullivan Trophy winners. He is the only Canadian university coach to coach national champions in two sports in the same year, football and hockey in 1968. Furthermore, Mr Drake has the most winning games of any coach in the history of North American Intercollegiate hockey, 681 wins. He was twice named CIAU coach of the year and three times named CWUAA coach of the year. He was named to the University of Alberta Wall of Fame in 1987, the Alberta Sports Hall of Fame in 1980 and the Canadian Sports Hall of Fame in 1989. Mr Drake has never lost enthusiasm for the game of hockey. He is well known for his caring attitude for everyone who has played for him. Over the years, he has also assumed many international coaching assignments, where he has coached at almost every level of competition, winning four gold medals, at least two silver medals, and a couple of bronze medals in the international arena.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Clare Drake:

William Perkins Bull. *From Rattlesnake Hunt to Hockey. The History of Sports in Canada and of the Sportsmen of Peel, 1798 to 1934.* Toronto, George J McLeod Ltd, 1934.

This book is a remarkable and fascinating compendium of information about Canadian sports, particularly in Ontario. The author covers three centuries of activity from the games of aboriginals to the rowdy days of cock-fighting and street fisticuffs, and finally to the organized team sports of polo, lacrosse, baseball, and hockey. Included are many vivid anecdotes and illustrations. This scarce volume of Canadiana, is number 97 of 100 signed copies.

*The list of candidates for degrees and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

# Honorary Degree Recipient

---

**William Thorsell** is one of this country's most respected journalists. As Editor-in-chief of *The Globe and Mail*, he is an influential voice in Canadian public affairs and has helped shape the public debate on numerous issues. Mr Thorsell is a native Albertan, born in Camrose in 1945 and raised in Edmonton. He is a familiar face to historians at this University, where he earned his BA (History) in 1966 and his MA (History) in 1971. The following year, he went on to earn a Master of Public Affairs at the Woodrow Wilson School of Public and International Affairs, Princeton University. He returned that year to the University of Alberta to become the executive officer of the University's Senate. Soon after that, he began his career in journalism with *The Edmonton Journal*, eventually becoming that newspaper's associate editor, 1977 to 1984. He went on to become a member of *The Globe and Mail* editorial board and a columnist for the *Report on Business* magazine. He was appointed Editor-in-chief of *The Globe and Mail* in 1989. He received the National Newspaper Award, Editorial Writing, Certificate of Merit in 1982, the National Newspaper Award, Editorial Writing, Winner Award in 1985, and the Michener Award for Public Service Journalism in 1985. In 1984, the City of Edmonton awarded him its Silver Ribbon Award.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to William Thorsell:

William Blake. *An Island in the Moon*. Edited by Michael Phillips. Cambridge, Cambridge University Press, 1987.

This meticulously executed scholarly facsimile of a unique manuscript is a neglected early work which leads directly to the heart of Blake's greatest poems and prophetic books. Written around 1785 it is a dramatic satire full of parody, nonsense, and buffoonery that offers us the excited chatter and visionary ideas of scientists and philosophers dwelling on the moon, "which has some affinity to England," Blake drolly comments. Beautifully printed in Verona, Italy, it is number 399 of 775 copies.

*The list of candidates for degrees appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

## Honorary Degree Recipient

---

The development of Ukrainian studies in North America has in large part been a result of **Peter Jacyk's** patronage. Mr Jacyk has a distinguished career in Canadian business. He has also been an outstanding patron of higher education in Canada, the United States and Europe. Mr Jacyk's own education was interrupted by World War II and he had to flee the Soviet occupation of his Ukrainian homeland. He settled in Canada in 1949, where he established businesses; as president of Accurate Builders Limited and Prombank Investment Limited, he became one of Toronto's most successful developers of industrial property. As he prospered, Mr Jacyk turned his assets to the service of the cause that he passionately believed in: the development of Ukrainian Studies in the West. He was an early supporter and fundraiser for the Ukrainian-language encyclopedia produced in France. He became an early enthusiast of the plan to establish Ukrainian Studies chairs at Harvard University and has given generously to the Universities of Toronto and Alberta to further Ukrainian Studies. His recent gift to the University of Alberta enabled the University to establish the Peter Jacyk Centre for Ukrainian Historical Research at the Canadian Institute of Ukrainian Studies. More recently, Mr Jacyk has turned his attention to the establishment of a market economy in Ukraine.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Peter Jacyk:

Pamva Berynda. *Leksykon Slavenorosskyi al'bo imen tolkovanyie* (*A Slavonic-Ukrainian Lexikon*). Kuteinsky Monastery, Belorussia, 1653.

This very rare example of early Ukrainian printing is the first Ukrainian dictionary ever. It contains some 7,000 words in Church Slavonic with equivalent terms from the literary Ukrainian of the time, plus etymologies and explanations. Its purpose was to revive the Church Slavonic tradition and counteract foreign cultural influences. The second edition of a path-breaking book, this is believed to be the only copy in North America.

# Graduates

*The list of candidates for degrees and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

# Honorary Degree Recipient

---

Tattanahalli Nagabhushan's outstanding expertise and creativity as a research chemist was demonstrated soon after he joined the Schering-Plough Corporation as a Research Officer in 1973. Following his development of a series of successful antibiotics, he was chosen in 1980 by the company to spearhead a pioneering effort in recombinant-DNA technology with the goal of producing a protein known to stimulate the immune system. Under his direction, alfa-2b interferon, commercially known as Intron A, was isolated in crystalline form within the unheard-of-time of only three years. He then led the project to commercialize production and regulatory approval in over 50 countries. Sales of the drug for cancer and hepatitis treatment reached nearly \$640 million in 1993. Dr Nagabhushan is no stranger to the University of Alberta. He earned his PhD here under the tutelage of world-renowned carbohydrate chemist Ray Lemieux in the early 1960s. No fewer than five pioneering publications resulted from his thesis research on methods for the synthesis of glycosides or aminosugars, which are structural units of the complex oligosaccharides that occur on cell surfaces, and which have since been shown to play important roles in biological processes. Upon his graduation, he conducted research on aminoglycoside antibiotics in a company founded by Professor Lemieux. As a research associate, he continued to work with Dr Lemieux to develop new methods for the synthesis of complex carbohydrates. Dr Nagabhushan exemplifies the success of the Chemistry Department's outstanding programs.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Tattanahalli Nagabhushan:

Maureen Cummins. *The Garden: A visual meditation on man and nature*. New York, Inanna Press, 1993.

This beautiful wordless fable is about our intense and fragile relation to nature. Told in simple, striking coloured woodcuts contained within an accordion binding, the complete story can be "read" at once. Cummins is one of the most exciting book artists of the 1990s, and this volume is a significant addition to the Peel Library's notable book arts collection. Printed, bound, and signed by the artist it is number 14 of 30 copies.

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

## Honorary Degree Recipient

---

**Olive Dickason** has earned a reputation as one of this country's foremost scholars of native Canadian history. She grew up in the interlake district of Manitoba. Overcoming considerable obstacles to gain an education, Dr Dickason began a newspaper career that spanned two decades before deciding to pursue an academic career, earning her MA (1972) and PhD (1978) from the University of Ottawa. She joined the University of Alberta in 1975 and quickly pioneered new approaches to the subject, bringing native history from the periphery into the core of Canadian history. Dr Dickason's first substantial work, *Indian Arts in Canada*, 1972, received considerable praise. The publication in 1984 of *The Myth of the Savage and the Beginnings of French Colonialism in the Americas* was another milestone, a comparative study of the early contact period firmly rooted in European intellectual and social history. That work is a brilliant examination of how European preconceptions shaped their perceptions of the aboriginal population of North America and, conversely, how exposure to the aboriginals affected European thought. Dr Dickason's most influential work is her most recent: *Canada's First Nations: a History of Founding Peoples*, 1992. That work won the prestigious Macdonald Prize from the Canadian Historical Association as the best historical work published in Canada that year.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Olive Dickason:

Jean de Leon. *Relation du Voyage des Francoiss fait au Cap de Nord en Amerique*. Paris, Pierre David, 1654.

This very rare volume is an account of De Royville's expedition to Cayenne, or French Guinea (Central America), undertaken in 1652. The assassination of the leader during the voyage, external dangers, and internal quarrels put an end to the enterprise, and the colonists soon fled for protection to Surinam, then held by the English. This volume is an important addition to the Peel Library's holdings of native studies and early travels and voyages.

# Graduates

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

## Conferring of Degrees

### The Presentation

*The Dean of the Faculty of Arts asks the candidates for degrees to rise, and presents them with these words:*

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

### The Pledge

*The President then addresses the candidates in these words:*

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

*Each candidate replies:*

"These things I pledge myself to do."

### The Admission

*The Chancellor then addresses the candidates in these words:*

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees, and I charge you to use them for the glory of God and the honour of your country."

*The graduates may be seated.*

## Presentation of Graduates

*The graduates are presented individually to the Chancellor in the order of seniority of their degrees. Degrees are presented according to the establishment date of each faculty and program. Graduates receiving their degrees With Distinction are presented before other graduates of the same program. At the discretion of the Faculty, the notation "With Distinction" is inscribed on the permanent record and graduation parchment of a candidate for any degree (except an honors or graduate degree), if the candidate has obtained a grade-point average of 7.5 or higher over the last two years of the program.*

# Honorary Degree Recipient

---

**Glenda Simms** has contributed significantly to Canadian society in the areas of women's issues, native education, race relations policy and intercultural education. She served as President and CEO of the Canadian Advisory Council on the Status of Women and was responsible for advising the Canadian Government on women's issues and directing that Council's research liaison and educational programs. As President of the Congress of Black Women of Canada, she has made valuable contributions to multicultural and equity issues in Canadian society. Dr Simms is one of the Faculty of Education's most distinguished graduates, and earned three degrees at the University of Alberta. In 1994, she was inducted into the Alumni Wall of Recognition and, in the previous year, she received the Distinguished Alumnus Award. Dr Simms has worked extensively with minority groups. For that work, she received the 1992 Inter-Amicus Human Rights Award from McGill University and the 1990 National Award from the Canadian Council for Multicultural and Intercultural Education. In 1991, she was made a member of the North Bay Human Rights Hall of Fame. In 1988, she received the Citizenship Citation for her outstanding contributions to Canadian society from the Federal Secretary of State. She has published broadly in the areas of minority rights and multicultural education, and has received research grants from the Muttart Foundation and Multiculturalism Canada for study in these areas.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Glenda Simms:

Hester Lynch Piozzi. *Retrospection: or, a Review of the most striking and important events, characters, situations... [in] the last eighteen hundred years*. London, for John Stockdale, 1801. Two volumes.

This very scarce first edition is a thoughtful, personal examination of western civilization by one of the most interesting early women writers now being rediscovered by modern scholars. A close friend of Dr Samuel Johnson, she edited his letters and wrote the penetrating *Anecdotes of Johnson*. She also authored lively observations of an Italian tour, and several other volumes which reflect the many facets of her originality.

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

## Certificate

### *Special Certificate (Faculté Saint-Jean)*

The following graduate who was previously awarded the  
 general Degree of Bachelor of Arts has now completed  
 further work and possesses the equivalent of the  
 requirements for the Degree of Bachelor of Arts with  
 Specialization. This graduate does not attend  
 Convocation.  
 Marie Sylvie Liliane Gauthier, Edmonton

Convocation arrangements  
are coordinated by:

Office of the Registrar and Student Awards  
Administration Building  
University of Alberta  
Edmonton, Alberta T6G 2M7

with thanks to the Office of Public Affairs

This Convocation Program is printed on recycled paper containing at least 50% recycled fiber including 10% post-consumer waste paper.

If you can, please share this program with a companion. Then, if you do not take it home, please leave it (in good repair) on the table outside the doors as you exit the auditorium. This will help us ensure that someone else can use it on another day of Convocation, and subsequently conserve paper.

Thank you for your assistance.
